

OF

BOTTOM TRAWL DOORS

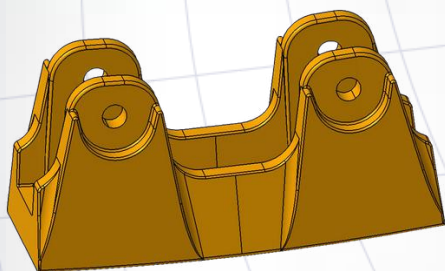

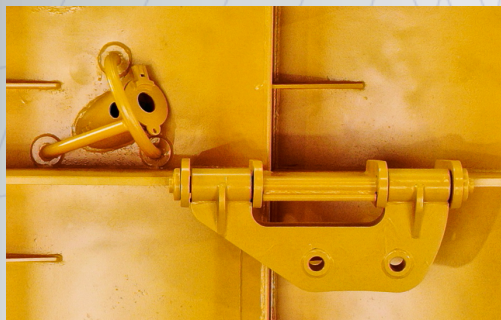

The OF is a bottom trawl door made by Morgère®. Some of our clients hanker after the Polyvalent trawl door created in the 1960's. That's why the Ovalfoil was developed, to keep the shape of the Polyvalent while maintaining the performance of the Polyfoil.

- ✓ EASY TO USE
- ✓ MADE FOR HARD BOTTOM

- ✓ OVAL SHAPE
- ✓ REDUCTION OF THE WEAR
- ✓ EXTRA WEIGHTS ON REQUEST
